Green Tea Polyphenols

Today the tea plant known as *Camellia sinensis* (L) O. Kuntze (named by the famous botanist C. Linne in 1753) is classified into two common species: var. *sinensis* and var. *assamica*. These two varieties are currently cultivated in more than 25 countries around the globe (Kitamura, 1950; Weatherstone, 1992). There are no botanical evidences of the wild-type sources of the aforementioned cultivars.
